Objective

This event will comprise English language training on the one hand, and training on the European criminal justice instruments on the other.

Methodology

Participants will be divided into two groups upon assessment of their linguistic strengths. This will guarantee a workable number of in-depth language training and will not influence the transnational character of the event. This approach will also allow parallel sessions during which one group will receive legal and the other one language training. The seminar will offer a mixture of training methods, varying from lectures to interactive workshops. The seminar will be conducted by legal experts and linguists.

Who should attend?

Court staff and bailiffs from EU Member States who need to work with EU criminal law instruments to fulfil judicial or procedural functions. Participation is only possible upon nomination by the project partners.

Venue

European Judicial Training Network
Rue du Commerce, 123
1000 Brussels
Belgium
